

SPECIAL BLUE CHARGER MEDIUM (FOOD PURPOSE ONLY) 50CT/ PACK

About the product

SPECIAL BLUE N₂O CHARGERS ARE THE MOST UNIQUE NITROUS OXIDE (N₂O) WHIP CREAM CHARGERS

Every nitrous oxide charger manufactured is produced with the best gas available to ensure great tasting whipped cream every time!

We ship our N₂O Chargers and Whip Cream Dispensers from either our facilities in Ft. Lauderdale, Florida or from San Carlos, California, depending on whichever is closer to you. This ensures fast delivery of all our nitrous oxide chargers, whip cream dispensers and soda siphons.

Each box of Special Blue brand nitrous oxide chargers contains twenty-four (24) 8 gm N₂O Chargers that will fit in every whip cream dispenser we carry and that is available on the market.

Cartridge Data

- N₂O gas cartridges contain 9 Cubic cms of pure N₂O at approx 60bar/900psi.
- Cartridge Volume/Water capacity: 10ml
- Filling Pressure: 8MPa
- Force required to pierce: 400N max
- Cartridge total weight: 28gm
- Size: 66mm x 17.8mm
- Non-Threaded

Important Safety Data:

The cartridge contains Nitrous Oxide (E942) under high pressure.

For food use only.

- For use only with approved Whipped Cream Dispensers.
- Non-aerosol. Nonrefillable. Recyclable steel.
- Never dispose of full cartridges.
- Keep out of reach of children.

- Maximum fill pressure for cream whippers is 35 kg/cm².
- Do not take on board an aircraft.
- Colour: Silver.
- If you are burnt by freezing N₂O you must immediately seek medical advice. A N₂O burn can cause deep tissue damage which is not immediately obvious at the time of the injury.

50ct / 12pk / Master Pack

OVER 21's ONLY:

This product is not for sale to under 21's.

Resellers please ensure your customers are over 21

MISUSE: Misuse of the product is dangerous, harmful to your health and illegal. Do not Inhale gas! Cartridges should only be used with approved Whipped Cream Dispensers and Multi-Use Dispensers. No other devices are authorized. Whipped Cream Chargers are for Food and Beverage preparation only. We will refuse to sell Nitrous Oxide (N2O) Cream Charger cartridges to you if we suspect you intend to misuse them or are under 18.

Recycling

Gas cartridges are not refillable. They are made with 100% recyclable steel. They are safe to put in with your tin cans etc for collection. Please do not dispose of unused cartridges!

Gas Cartridge Safety Warning

Our gas cartridges are filled with liquefied gas under high pressure.

Puncturing the cartridge can cause freezing gas to escape so you may want to protect your hands and face.

Ensure cartridge is empty of gas before removing from your device.

Cartridges get freezing cold when punctured.

If you are burnt by freezing gas you must immediately seek medical advice. A high-pressure gas burn can cause deep tissue damage which is not immediately obvious at the time of the injury.
