

WHITE RHINO GLASS FLOWER SCREEN 400CT/ PACK

About the product

Many people like to use screens with their pipes, however, it's important not to use brass or metal screens with glass pipes and accessories. Instead, it's safer for your pipe to use a glass pipe screen. These flower-shaped glass screens sit nicely in the bottom of your bowl and allows airflow to move past while keeping your herb in the bowl instead of your mouth.

- Universal Fit - Fits Most Pipes/Bowls
- Flower Design
- Optimal Airflow
- Prevents from Inhaling Ash
- Recommended for Glass Pipes and Accessories
- High Quality Glass
- Includes 1 Glass Pipe Screen
