

RAW METAL TRAY - GIRL 1CT

About the product

The RAW Metal Rolling Tray not only helps to keep the place tidy but also helps to reduce waste, as anything that drops when rolling is caught in the tray and can be used in your next 'cigarette'.

Decorated with their famous watermark and branding the tray also features a beautiful pin-up style model in front of a scenic view. Perfect to keep you occupied whilst you skin up!

The RAW Metal Rolling Tray takes its inspiration from the ever popular 70's CLUBÂ® tray and its shape is widely considered the best designed rolling tray of all time.
