

DIGITAL SCALE JDS-RX30 0.001G BLACK CRS48 1CT

About the product

The JDS-RX30 Digital Scale offers high-precision 0.001g accuracy, making it perfect for measuring small and delicate items. Its sleek black design provides a modern and professional look, while the compact and portable build ensures convenience for everyday use. Featuring a clear digital display and easy-to-use controls, this scale is ideal for weighing jewelry, powders, herbs, and other fine materials with precision and reliability.
