

CIG-MACH Iii CHROME CIGRATTE INJECTOR MACHINE - CMINJ01 1 CT

About the product

The Cig-Mach Cigarette Rolling Machine will inject both king-size and 100's cigarette tubes. This tabletop cigarette rolling machine is a snap to use. Just put your cigarette tube on, fill the hopper with tobacco, set your cigarette size selector switch, and slide the lever over to inject the tobacco. This is a reliable cigarette injector that will allow you to make a lot of cigarettes in a short amount of time.
