

BLAZY SUSAN UNBLEACHED CONES

About the product

Blazy's unbleached rolling papers and unbleached pre rolled cones are 100% vegan and made with only the finest materials. That means our papers have zero animal byproducts or harmful chemicals. All our paper products go through a rigorous testing process once they land at our warehouse in Colorado, before being sold to the public, to ensure that they contain no harmful amounts of heavy metals or pesticides.

These cones come pre-roached and ready to fill, are non-GMO and are completely vegan-friendly. They deliver a slow, smooth burn and are flavourless and odourless.

These premium quality cones are available in a box / jars , giving you a lasting supply of pink cones for rolling at your leisure.
