

DIGITAL SCALE AD-100BLK (SILICONE BOX) 0.01G BLACK CRS53 1CT

About the product

The AD-100BLK Digital Scale delivers precision accuracy of 0.01g, making it ideal for jewelry, herbs, powders, and more. Featuring a protective silicone box, this scale ensures durability and portability. The sleek black design, easy-to-read digital display, and compact size make it perfect for both home and travel use, providing consistent and reliable measurements every time.
