

BAZOOKA BABY BOTTLE ORIGINAL 18CT/ DISPLAY

About the product

- Baby Bottle Pops are a fun novelty candy that makes snack time more exciting! Our Baby Bottle Pop Crunchy candy adds even sweeter flavor with a big crunch! This one-of-a-kind confection made by Topps was first introduced in 1998, when the company created its baby bottle lollipops.

- The candy is much the same as it was, with a few unique changes like those found in our Baby Bottle Pops candy!
- Each container includes a plastic bottom that contains a combination of colorful candy pieces. The top features a bottle nipple shaped candy with a plastic cover that keeps it clean and fresh between snack sessions. Simply untwist the lid, lick it and dip it into the crunchy candy inside the bottle!
- Our bulk Baby Bottle Pops box contains an assortment of classic fruit flavors. They are a great choice for birthday party favors, stocking stuffers and school activities!
