

## TRIM TWEEZER'S SLANT TIP BEAUTY CARE 6CT/PACK

### About the product

You could spend all the time in the world on makeup, but if you skip the brows, you're not quite there yet. These Slant Tip Tweezers will become your best friend in the grooming department, grabbing individual, hard-to-get hairs with remarkable ease. With textured grip for added control. They have a nickel-and-chrome plating that prevents rust (which means they'll be with you for the long haul), plus an unconditional manufacturer guarantee.

### Instructions

For best results, apply a clean, warm, damp cloth to the area to be tweezed. Grasp a single strand of hair, as close to the base as possible, and gently pull out in the direction in which the hair grows.

### Warnings

Safety Warning: Keep out of reach of children. These products are not intended for use by children.
