

DOVE 150ML MENS CARE SPRAY 72HR - 1CT

About the product

- Effective antiperspirant protects against odor and sweat for 72 hours

- New Triple Action Technology protects the skin against odor and sweat
- Anti-stain formula protects clothes against white and yellow stains
- Antiperspirant deodorant with $\frac{1}{4}$ moisturizing cream for skin care
- Minor antiperspirant actives create a barrier against sweat and odor
- Globally, Dove Men+Care does not test on animals.

Wearing your favorite shirt should make you feel comfortable and confident. This means you need a deodorant that will prevent white and yellow stains. Dove Men+Care Invisible Dry Antiperspirant Aerosol Deodorant was created to be anti-blemish and rid you of underarm worries.

Underarm protection is also a priority in this antiperspirant. Hot weather is no match for our Triple Action Technology, which protects against sweat and odor for up to 72 hours. And it offers a long-lasting fragrance that leaves the armpits feeling fresh from the first application.

With $\frac{1}{4}$ of our exclusive moisturizing cream, this aerosol antiperspirant deodorant takes care of your underarm skin. Irritations caused by sweating and shaving will be a thing of the past.
