

ICY HOT CREAM 1.25OZ 1CT

About the product

Stop pain in its tracks with fast-acting, long-lasting Icy Hot Original Pain Relieving Cream. This non-greasy pain relief cream helps temporarily relieve minor aches and pains associated with arthritis pain, backaches, body aches, sore muscles and muscle cramps. Icy Hot Pain Cream starts working on contact to give you powerful pain relief when you need it most. Its formula is icy first to dull the pain, then hot to relax it away. At the gym, at home or on the job, rely on Icy Hot Original Pain Relief Cream for lasting pain relief. Icy Hot is the No. 1 topical pain relief brand.* *Among OTC topical analgesics. HOW TO USE: Apply a thin layer to the affected area, and massage until it's thoroughly absorbed into the skin. Reapply as necessary, but do not apply more than four times daily. After applying, wash hands with soap and water.
