

BOUNCE DRYER SHEETS 15CT/ PACK

About the product

With Bounce Outdoor Fresh Dryer Sheets, static cling doesn't have to be a thing. Bounce Dryer Sheets help prevent static build up that occurs in the dryer so you can look and feel your best. America's #1 dryer sheet brand* is tough on wrinkles, too. Toss a sheet in the dryer to keep clothes looking their best and reduce wrinkles so your clothes will be ready to wear right away, making you look and feel confident. Bounce Outdoor Fresh Dryer Sheets don't stop there. From the moment you pull your laundry out of the dryer, Bounce Dryer Sheets give your clothes a fresh and lasting scent and a noticeably soft feel. Way less static, fewer wrinkles, softer fabrics, and an outdoor fresh scent is that easy. Toss in two Bounce Dryer Sheets for your average loads to iron less, fight more static, and add more softness and freshness. One will do for small loads, and if you're catching up on laundry and have an extra large load, toss in three! You can also use Bounce Dryer Sheets around the house. Tuck them in drawers or closets, put them in gym bags and suitcases, or stash them at the bottom of your trashcan to bring that Bounce Outdoor Fresh scent you know and love out of the dryer and into your home.

- FIGHTS STATIC CLING. Keeps you virtually static-free
