

CHROMIUM CRUSHER EXTRA LARGE 4PC CNC W/ INTEGRATED MESH COMPARTMENT GRC1323 1CT

About the product

Built for serious grinding power, the CHROMIUM CRUSHER GRC1323 is an extra-large 4-piece CNC-machined grinder designed for heavy-duty use. Made from high-grade aluminum alloy, this grinder features ultra-sharp diamond-cut teeth for smooth, effortless grinding every time. The integrated mesh screen compartment allows for effective pollen filtration, while the spacious design ensures maximum capacity with minimal mess. Whether you're at home or on the go, this grinder offers durability, precision, and convenience in one sleek package.

Key Features:

- Extra-large 4-piece grinder for high-capacity grinding
- CNC-machined from premium aluminum alloy for durability
- Sharp diamond-cut teeth for a smooth, consistent grind
- Integrated mesh screen compartment for pollen collection
- Magnetic lid for secure closure and spill prevention
- Heavy-duty design with a smooth, polished finish
- Ideal for frequent users and collectors alike
