

NU.1 YC34 10FT FAT CABLES IPHONE/ C-CABLE

About the product

Power and performance meet durability with the NU.1 YC34 10FT Fat Cable. Designed for both iPhone (Lightning) and USB-C compatible devices, this heavy-duty cable features an extra-thick design for enhanced strength and reduced tangling. The extended 10-foot length offers maximum flexibility for use in any setting—home, office, or on the go.

- 10FT long cable for ultimate reach and convenience
- Available in iPhone Lightning and USB-C variants
- Thick, reinforced design for added durability and less wear
- Supports fast charging and stable data transfer
- Ideal for heavy daily use or long-distance charging setups

NU.1 YC34 Fat Cable – built tough for fast, flexible charging.
