

BIC LIGHTER ECOLUTIONS BIC71 - 50CT/ DISPLAY

About the product

BIC Lighters is taking small steps to help reduce its impact on the environment with the BIC Ecolutions environmentally friendly lighter. The metallic parts on each Ecolutions pocket lighter is made from 55% recycled metal. BIC Ecolutions lighters are made in factories with a mix of renewable energy, like all of our BIC Maxi Lighters. This lighter for birthday candles is 30% Carbon offset by investing in climate projects and holds an International Sustainability and Carbon Certification, which contributes to the use of renewable materials including plastic. Along with being designed to be a more ecofriendly product, these pocket lighters offer the same quality you know, love, and come to expect from BIC Lighters. Each BIC Lighter is 100% quality inspected and gets up to 2X the lights vs. the next leading brand.
