About the product

Roll up in style with Elements Green King Size Slim Rolling Papers, the eco-conscious choice for the discerning smoker. Crafted from unrefined plant materials and sealed with a natural sugar gum, these papers promise a clean burn with zero ash, except for the slender caramelised line left by the gum—a testament to your impeccable rolling finesse.

Each 115mm x 25mm sheet is graced with Elements' exclusive watermark, designed to prevent runs and ensure an even burn from start to finish. Whether you're a retail enthusiast or a wholesale connoisseur, these King Size Slims are available in packs of 5 or boxes of 50, housed in a vibrant green and white display box that proudly signals their natural pedigree.

The packaging whispers of nature's touch with its leaf motifs and water drops, while the "Paperia pour sigarettes. Gomme de sucre" assures you of the sugary seal's purity. Ready to be showcased or savoured, these papers are not just rolling paper - they're a statement of quality and environmental mindfulness.

Experience the unrivalled smoothness of Elements Green King Size Slim Rolling Papers and turn every session into an eco-friendly.
