

SILICONE WATER PIPE DRAGON WPS1028 1CT

About the product

This super cute dragon silicone bong may be Toothless but it still packs a bite when packed with your favorite dry herb.

Made with durable, shatter-proof, food grade silicone, this black dragon bong will withstand a decent amount of dropping and knocking over - just be careful of that included glass bong bowl. His head comes off to reveal the chamber of the bong, and the bowl holder, and internal drop pipe can all be removed for easy cleaning of this silicone bong.

Enjoy your favourite herbs with a good dose of nostalgia with this awesome Toothless The Dragon bong.
