

PEPCID COMPLETE ANTACID CHEWABLE TABLETS 20ct LOOSE

About the product

Reduce and control heartburn due to acid indigestion with these acid reducer and antacid chewable tablets. The berry-flavored, individually wrapped antacid neutralizers combine an acid reducer and an antacid.

- Help relieve heartburn with Peppid Complete Acid Reducer + Antacid chewable tablets in Berry flavor
- One tablet starts to work immediately to relieve heartburn and reduce acid
- Formulated with 10 milligrams of famotidine, a known ingredient that acts as an acid reducer
- Contains 800mg calcium carbonate and 165mg magnesium hydroxide, both antacids
- Dual-action formula starts working in seconds for heartburn relief that lasts
- Individually wrapped tablets are ideal for travel and on the go relief from heartburn due to acid indigestion
