

POS ROLL BC NYC 3.125 INCH - 50CT/ DISPLAY

About the product

Upgrade your point-of-sale operations with the POS Roll BC NYC 3.125 Inch, designed for smooth, reliable, and high-quality printing. Ideal for retail stores, restaurants, gas stations, and any business using thermal receipt printers, these rolls deliver clear, legible receipts every time.

Product Features:

- Size: 3.125 inches (width) - Standard size for most POS thermal printers
- High-Quality Thermal Paper: Crisp and clear printing with no ink or ribbon required
- Consistent Performance: Smooth paper feed for jam-free operation
- Low-Lint Paper: Helps extend the life of your thermal print heads
- Long Roll Length: Fewer roll changes required, improving efficiency at checkout
- Bulk Pack: 50 rolls per display - great value for high-volume businesses
- Compatible With: Most major thermal POS printers (please confirm compatibility with your machine)

Perfect for businesses looking for dependable thermal paper rolls with professional-grade performance. Keep your transactions moving with BC NYC POS Rolls!
