

NECTAR COLLECTOR NC957-14MM 1CT

About the product

Enjoy powerful, clean, and convenient concentrate sessions with the Nectar Collector NC957 - 14MM. Designed for precision and smooth performance, this nectar collector features a 14mm tip that heats evenly and delivers rich, flavorful vapor. Its sturdy construction and compact size make it perfect for both at-home use and travel-friendly smoking setups.

Key Features:

- 14MM Heating Tip: Ensures balanced heat distribution for smooth, efficient vapor
- Durable Build: Made from high-quality materials to withstand daily use
- Compact & Portable: Slim, lightweight, and easy to carry in any kit
- Simple Operation: Heat the tip, dip into concentrate, and inhale—quick and hassle-free
- Versatile Compatibility: Works with various concentrates for a customized experience
- 1CT Packaging: Ideal for retail display, resale, or individual purchase
