# NECTAR COLLECTOR NC958-14MM 1CT

## About the product

Discover smooth, flavorful concentrate sessions with the Nectar Collector NC958 – 14MM. Designed for efficiency and portability, this nectar collector features a 14mm heating tip that provides even heat distribution for clean, powerful vapor. Its durable build and compact form make it perfect for daily use, whether at home or on the go.

Key Features:

- 14MM Heating Tip: Heats evenly for consistent, smooth vapor production
- Premium Construction: Made from high-quality materials for long-lasting durability
- Portable Design: Compact, lightweight, and ideal for travel kits
- Easy-to-Use: Heat → touch concentrate → inhale — simple, fast, and efficient
- Versatile Compatibility: Suitable for various types of concentrates
- 1CT Packaging: Perfect for retail shelves, online sales, or personal purchase
