

SCORCH TORCH ADJUSTABLE TROCH W/ TRIGGER LOCK - STDS205 9CT/ DISPLAY

About the product

The Scorch Torch Adjustable Torch with Trigger Lock – STDS205 is designed for both safety and precision. Equipped with an adjustable flame control and a secure trigger lock mechanism, this torch offers customizable performance for a wide range of uses—from lighting cigars to culinary and craft applications. Its wind-resistant jet flame ensures consistent ignition, while the ergonomic grip allows for comfortable, one-handed operation. Each unit is refillable, making it a long-lasting addition to any toolkit or retail collection.

Key Features:

- Adjustable flame for versatile use
- Built-in trigger lock for added safety and control
- Wind-resistant jet flame for reliable performance
- Refillable butane system (butane not included)
- Ergonomic design for comfortable handling
- Includes 9 torches per display – ideal for resale or gifting

A safe, stylish, and high-performing torch lighter built to meet everyday needs with precision and ease.
