

CHALLENGE GAME KITTY 1CT

About the product

Make playtime fun, engaging, and screen-free with the Rabbit Fidget Game Set, an interactive handheld toy designed to boost memory, reaction speed, and focus. Featuring adorable rabbit-themed pop buttons, this game challenges players to remember and repeat light-and-sound sequences — similar to a classic memory challenge game, but cuter and more satisfying!

Perfect for kids and adults, this fidget game combines stress relief and brain training in one compact gadget. The soft pop buttons provide a sensory experience while the game modes keep the mind active and entertained. With an attached hook, it doubles as a keychain and bag accessory, making it ideal for travel and on-the-go play.

Features & Benefits:

- Cute rabbit-themed design that kids love
- Interactive memory & reaction game with light and sound prompts
- Helps improve concentration, hand-eye coordination & short-term memory
- Soft pop buttons for stress relief and sensory satisfaction
- Keeps children away from phones and screens while learning and having fun
- Includes keychain hook — attach to bags, purses, school backpacks, belts & more
- Lightweight and portable — ideal for home, school, car rides & travel
