

ASH CATCHER SKULL 45DEG 19M - AC851-45-19M 1CT

About the product

Add both function and attitude to your glass setup with the Skull Perc Ash Catcher. Designed with a bold skull percolator and a 45-degree joint angle, this ash catcher helps trap ash and debris before it reaches your main piece, delivering cleaner, smoother hits. The 19mm male joint makes it ideal for larger rigs and straight-tube bongs.

Perfect for smoke shops, head shops, and premium glass accessory displays.

Product Features:

- Skull Percolator Design – Unique visual appeal with effective filtration
- 45-Degree Joint Angle – Ideal for straight tube and angled setups
- 19mm Male Joint – Fits most large-joint water pipes
- Improves Smoke Quality – Catches ash and cools smoke
- Durable Glass Construction – Heat-resistant and easy to clean
