

ASH CATCHER COIL AC850

About the product

Enhance filtration and keep your water pipe cleaner with the Ash Catcher Coil - AC850. Designed with an internal coil percolator, this ash catcher helps trap ash and debris before it enters your main piece while providing smoother, cooler airflow. Its compact design makes it an easy add-on for improved smoking experience and easier maintenance.

Ideal for customers looking to extend the life of their glass and enjoy cleaner sessions. **Product Features:**

- **Coil Percolator Design** - Helps cool smoke and improve filtration
- **Ash Catcher Function** - Traps ash and residue before reaching the main chamber
- **Durable Glass Construction** - Built for regular use
- **Easy to Attach & Remove** - Simple cleaning and maintenance
- **Compact & Functional Design** - Enhances performance without bulk
