

SHERLOCK 7.5inch GLYCERIN COIL SL1200 1CT

About the product

Enjoy a smoother, cooler experience with the Sherlock Glycerin Coil Glass Pipe (SL1200). Designed with a built-in glycerin coil, this 7.5-inch Sherlock-style pipe helps cool smoke before inhalation, delivering a more comfortable and refined draw.

Simply place the pipe in the freezer before use to activate the glycerin cooling system. Crafted from durable glass with a classic curved Sherlock design, it offers both style and performance in one compact piece.

Key Features:

- Built-in glycerin coil for enhanced smoke cooling
- Classic Sherlock-style curved design
- Durable glass construction
- Smooth, comfortable draws
- Length: 7.5 inches
- Model: SL1200
- 1 count
