

SILICONE ADJUSTABLE 45° ASH CATCHER W/ DESIGN 14MM- ACS602-45-14M 1CT

About the product

Enhance filtration and keep your setup cleaner with the Silicone Adjustable 45° Ash Catcher ACS602-45-14M. Designed for convenience and durability, this ash catcher features a 45-degree adjustable joint and a 14mm connection, making it compatible with a wide range of setups.

Constructed from high-quality, heat-resistant silicone, it helps trap ash and debris before it reaches your main piece—improving both cleanliness and overall performance. The added design detailing gives it a stylish edge while maintaining functionality.

Key Features:

- 45° adjustable angle for versatile fit
- 14mm joint compatibility
- Durable, heat-resistant silicone construction
- Helps trap ash and debris for cleaner sessions
- Stylish design finish
