

WD40

About the product

- Multi-purpose lubricant reduces friction, displaces moisture, removes grease and grime, and protects metal from rust and corrosion
- Petroleum-based formula can be used on most materials, excluding polycarbonate and clear polystyrene

- 3-oz. aerosol canister is sized for portability
- Permanently attached, hinged straw offers the option of a precision stream or fan-shaped spray
- Corrosion protection continues even after the lubricant has dried
- Cleans grease, grime and dirt
- Removes adhesives, bugs, tar and more
