About the product

Juicy Drop Pops are a unique novelty candy that's one part liquid and one part lollipop! Give your taste buds all the sweetness they can handle with this unique confection. Each container includes a broad, flat lollipop made of brightly colored hard candy with a plastic handle on the bottom. The cap contains a tasty liquid with a dropper tip and attached cover that prevents leaking when you're not snacking. To get maximum flavor out of your Juicy Drop Pops, simply pull out the lollipop stick and drip a few drops of the liquid on top then enjoy. Each lick is super sweet and irresistible!
