

ELEMENTS ULTRA KING SIZE SLIM CIGARETTE ROLLING PAPERS 50CT/PACK

About the product

- Made of pure rice paper, Elements rolling papers are bringing back fond memories of the past. The pure rice makes the rolling paper burn extra slow and extra clean, with no ash. A thin line of Acacia gum is added to the rolling paper. The only residue from burning is from the Acacia gum caramelizing.

- Try this pure rice paper rolling paper. See the difference in how this rolling paper burns. You won't be disappointed.
- Paper features Rolling Supreme's patented run-preventing watermark system with cross-weave patterning and vertical hard-stop lines, to keep your smokes burning slowly and evenly, every time.
