

CHEWY LEMONHEAD LEMON FLAVOR CANDY 24CT/PACK

About the product

Round and lemony. A sweet, hard candy core inside a tart, soft shell and made with real lemon juice for the perfect pucker. Bring a little sweet and sour twist to your day with the Original Lemon Candy from Lemonhead. Lemonhead is the original lemon candy with a sweet and sour shell. Invented by Ferrara, the candy is made using a cold panned process where sugar and flavors are added layer after layer until the candy is the perfect size. The yellow favorite was first picked off of the candy tree in 1962 and has been satisfying both sweet and sour lovers ever since. These sour lemon candies are a great choice when you need to add a little spark to your snacking, especially at only 50 calories per serving. Whether you bring the box with you for a treat on the go or you grab a handful after dinner, you'll love every bite.
