

## SCORCH TORCH 6.75" 61470 ST15 1CT

### About the product

- **Scorch Torch Quality:** Scorch Torch Products are well known in the industry for its Unrivaled Quality and Attention to Details. This torch is no exception, it is the pinnacle of Scorch Torch's Product Quality capable of producing intense flame reaching temperature of 1300C / 2500F
- **Adjustability:** This Refillable Torch (BUTANE NOT INCLUDED) features a innovative, industry leading Thumb wheel flame adjustment making it very easy to adjust the flame size with one hand

- **Innovative:** Designed to be operated with one hand featuring Thumb wheel flame size adjustment, Trigger Style ignition and Press Button Flame Lock. This torch can be operated with one hand only without using the other hand to lock and adjust the flame.
- **Ergonomic:** The grip is design for efficiency and comfort featuring optimal grip angle and Thumb Rest at the top of the grip allowing comfortable and powerful gripping position.
- **Craftsmanship & Safety:** Precisely CNC Machined Aluminum Handle and Heat Shield together with use of anti-slip material on the handle provides extra layers of safety measure
