

CYCLONE PAPERS 24CT/PACK

About the product

Cyclones pre-rolled cigar wraps are the latest addition to the Cyclones cigar wrap line. Made from a natural cotton cellulose, water, and glycerin, these cones are transparent. These are NOT a rolling paper and are NOT a cigarette tube! They're the latest concept in smoking – closer to smoking a pipe. Smokers have been unanimous in their approval, these burn much slower than a cigarette paper and are the perfect cigar tube.
