

COCO NARA CHARCOAL SMALL 20CT/PACK

About the product

- 100% natural charcoal made from coconut shell.
Contains No Sulphur or other accelerant

- Burns up to 3x longer than any other charcoal & leaves less than 5% in ashes: Requiring you to use fewer coals per smoke session and saving you money in the long term.
- They tend to have a less intrusive flavor because they include primarily natural ingredients. These are the best coals if you don't want them to affect the taste of your shisha.
- Since natural coals are more dense, the ash it produces is far less powdery (less mess!).
- Economical AND Environmentally Friendly: Not a single tree was cut to make this product!. We can ship Natural coals all over the world!
