

KIDSMANIA BABY FLASH POP 12CT/PACK

About the product

- Lollipop and dipping candy
- Light-up dispenser
- Blue raspberry, strawberry, watermelon

Light-up lollipops with dipping candy make your novelty gifts section pop. Each baby bottle shaped dispenser immediately starts lighting up the second you take off the lid. The topper is a tart lollipop that can be eaten on its own or dipped into tangy, crunchy candy pieces. There are three different flavors to choose from – blue raspberry, strawberry and watermelon. Neon colored bottles combined with a brightly colored display case will make these novelty candies gone in a flash.
