

NEOSPORIN FIRST AID ANTIBIOTIC OINTMENT 0.5OZ(14.2G) 1CT

About the product

- 1-ounces of Neosporin Original Topical Antibiotic Ointment by the number-one doctor recommended brand for treating minor cuts, scrapes and burns
- Formulated with neomycin sulfate, bacitracin zinc and polymyxin B antibiotic ingredients to provide 24-hour infection protection for minor wounds

- First-aid ointment nourishes skin to minimize the appearance of scars after healing
- Contains Heliderm Technology that provides a nourishing environment for skin to heal, resulting in healthier looking skin after use
- To use, apply a small amount of the first-aid antibiotic ointment to the affected area one to three times daily. Cover the wound with a Band-Aid Brand Adhesive Bandage for extra protection
