

PEPPER SPRAY 1CT

About the product

- A pepper spray is basically a self-defense tool which temporarily impairs your attacker's vision, thus allowing you to escape or tackle the situation. The effects of the product are non-lethal, and last for 45 minutes. The substance contained in the spray attacks the mucous membranes, causing eye dilation and temporary loss of vision.

- Be aware of your surrounding. Look around and be ready. Do not put the spray in front of the attacker unit it is positioned properly in your hand and you are ready to use it. Aim for the eyes and spray ear to ear across the eyes for best results.
- * Use for self-Defense & Protection. * Stream Spray Reaches Approximately 12 ft. Each Bottle 1.2oz
