

OOZE QUARTZ GLASS BOWL - 14MM - MALE (BMD80-14MM) 1CT

About the product

While most Ooze bongs come with an included funnel bowl, over time they'll get clogged, damaged or lost and it'll be time for a replacement. If that's you, you've found the perfect solution. These glass bowls from Ooze feature a traditional funnel shape, a 14mm male joint, and are made of high quality borosilicate glass. This bowl is perfect for those needing a replacement for their Ooze water pipe or any other bong or rig featuring a 14mm female joint.

- High Quality Borosilicate Glass
- Traditional Funnel Shape
- Ooze Decal
- Individually Packaged
- Joint Size: 14mm
