

ELEMENTS ULTRA 1 1/4 CIGARETTE ROLLING PAPERS 25CT/PACK

About the product

- Elements rolling papers are made from pure rice that is pressed ultra thin. A small line of natural Acacia plant gum is then added. These rolling papers burn with no ash, except for a little line of residue from the Acacia gum turning into caramel.

- These extremely slow burning and thin rolling papers are a smoker's dream. Try them yourself and see why people say this is the best rolling paper ever produced. These packages have a magnetic closure.
- Paper features Rolling Supreme's patented run-preventing watermark system with cross-weave patterning and vertical hard-stop lines, to keep your smokes burning slowly and evenly, every time.
