

SCALE CR JDS-600B 0.1G - BLACK CRS09

About the product

The CR JDS-600B Digital Scale is a precision weighing tool designed for accuracy and convenience. With a 0.1g readability and a 600g capacity, it's perfect for weighing small items with precision. The sleek black design adds a modern touch, while the compact size makes it easy to carry and store. Ideal for jewelry, herbs, powders, and other small items requiring exact measurements. Equipped with a clear digital display and easy-to-use controls for seamless operation.
