

BEST WHIP CREAM CHARGER 635g - 6CT/ CASE (FOOD PURPOSE ONLY)

About the product

This innovative cylinder is the fastest and easiest way to replenish your cream. It is not only a good assistant for making dessert at home but also a new solution for the industrial catering industry! Before using our whipped cream making equipment you must first read the manufacturer's instructions. This will show you how to safely charge your cream using the cream whipping chargers.

- **FOOD-GRADE & LONG SHELF LIFE** - GreatWhip whipped cream chargers are made with food-grade compliance, and production standards.
- **ANTI-LEAKAGE DESIGN** - GreatWhip charger canister conforms with Manufacturing International Standards such as ISO 9001, and ISO 9002. Any cream dispenser can be used with this cylinder.
- **UNIVERSAL COMPATIBILITY** - Compatible with all professional whipped cream makers in the market. From now on, you can easily finish the whipping cream making in a few seconds and without leaving odors or contaminants in the dispenser.
