

WATER PIPE SILICON 6" - 2 PART ASST COLORS WPS1017

About the product

We know how your garden grows when you're using the 6" Silicone Flower Bottle Water Pipe. Shaped like a vase, this radioactive green novelty pipe is perfect for the true flower aficionado. Silicone pipes have risen in popularity due to their rugged nature which has given them the reputation as virtually unbreakable, especially when compared to their glass pipe cousins. You can bend a silicone pipe and it will spring right back into shape. This unique quality makes this a perfect smoking pipe for bringing into the great outdoors with friends. Its 6" size further contributes to its portable convenience.

- Height: 6" inches
- Material: Silicone
- Style: Flower bottle
- Type: Water pipe
- Color: Green
