

SILICONE HAND PIPE CORN COB SP512 1CT

About the product

Many people have asked why the corn wasn't released as part of the Silicone food collection... until they flip him over and see the face on the other side! This creepy kernel also contains a glass bowl and an easy grip design.

This silicone hand pipe is the shape of corn on the cob. Take a couple hits from this silicone hand pipe and you might just get the munchies. This corn on the cob also includes a smiley face embedded into the pipe.
