

SATYA INCENSE 12CT/ PACK - DIVINE BLESSINGS

About the product

- **RELAX AND UNWIND:** Light some Incense, curl up on the sofa with a cup of tea, a book and some chilled-out music. Alternatively, run a bath and replace candles with an Incense Stick or two. Soft fragrances will further enhance this time, allowing you to give yourself time and space away from the hassles of everyday living. All our Fragrances are 'calming fragrances', so work well for general relaxation.

- **GENEROSITY AND MINDFULNESS:** Whether formal or informal, religious or aesthetic, you create good Karma by taking an incense stick and lighting it as an offering. A simple way to do something, without expectation of return. An act of generosity and letting go. Make this a mindful activity and select an Incense Stick of high-quality. Take time and pride in preparation, selecting your stick, incense bowl and lighting materials. Light, 'listen' to the fragrance and relax.
- **USAGE:** Ideal for everyday use, Worshipping, Church, Wedding, occasions, aromatherapy, Spa, Reiki, Meditation, Healing, Yoga, Sensual Therapy, Positivity, Relaxation, and so on. Our Incenses provide you with a sensation of empathy, prosperity, internal harmony, unwinding, expanded imperativeness, and encapsulation of oneself to raise your vibrations.
- **LONG LASTING:** The conventional technique for the readiness of these Agarbattis causes them exceptional and they burn longer as compared to other incense sticks. With the solid smell that these incense sticks diffuse, it assists in acquiring centering and lucidity while rehearsing yoga or reflection.
- **PERFECT DECOR FOR YOUR HOME OR AS A GIFT** - Earth SATYA Incense Sticks are presented in elegant boxes, making an ideal gift for friends, family, or yourself
