

RAW CONE 5 STAGE RAWKET 5 CONE/PACK 15CT/PACK

About the product

RAW Cones are made for both people who smoke a lot, and people that want an easier way to roll. RAW Pre-Rolled Cones revolutionized the smoking industry because they're MUCH faster and easier to fill than a normal rolling paper.

Just so you understand, we only made this to be over-the-top. We really truly like having fun and we need to share that fun with the whole smoking world! A RAW innovation!

RAW Classic 5 Stage RAWket Pack includes one each of:

- 1¼ Cone (83mm)
- Kingsize Cone (110mm)
- Peacemaker Cone (140mm)
- Emperador Cone (180mm)
- Supernatural Cone (280mm)
