

SCORCH TORCH LIGHTER NITRO X SERIES ST26 61525 1CT

About the product

To prevent overfilling and cause leakage, please refer to the following refill tips

- User premium butane fuel only, poor quality butane may contain impurities.
- Only perform refill in a well ventilated area.
- Make sure the lighter/torch is completely Off.
- Make sure the tank is empty
- Set the flame level to the lowest level
- Press the butane fuel can's nozzle down into the refill value for about 5-10 seconds and repeat if necessary until it is almost full
- Wait 5-10 minutes before using.
