

EAGLE TORCH 8"X-PEN TORCH WITH EXTENDED NOZZEL PT133XP 12CT/PACK

About the product

- Adjustable butane torch lighter generates a blue flame that is wind resistant and works at any angle - even upside down! This is the perfect lighter for lighting fireworks, cigars, cigarettes and more - especially outdoors.

- Ideal for culinary use by a professional or amateur chef. This will perfectly caramelize your Creme Brulee and even cook meats! Great for cooking in the kitchen or on your camping trip - make s'mores in seconds!
- Easy to refill with butane (not included). With a full refill of butane, this jet torch lighter can last for long periods of time.
- Reaching temperatures up to 2300° F, this is the most powerful flame lighter on the market! It is powerful enough to be used to solder wires and finish other mechanical and home improvement projects.
- Features a kickstand and lock for hands free use. Also features a bottle opener - carry all of your necessary tools at once! Streamlined design and handle make this easy to use for all consumers. Handle with care.
